RESEARCH AREA

Mission

The mission of the Centre for Cultural Heritage Studies is to elaborate on cultural heritage studies in order to nurture quality heritage education.

CONTENT AND AIM OF RESEARCH

The aim of the centre is to develop the theme "cultural heritage education" on the interdisciplinary level and in the context of sustainable development. The centre wants first and foremost contribute to the improvement of the didactical training of teachers and to the creation of the system of national support within further education of teachers.

Activities of the centre:

- Research in the field of cultural heritage studies and heritage education,
- In-service training courses for teachers as well as education and learning officers from heritage institutions and interested public,
- Co-operation with cultural heritage institution (museum, galleries, archives, heritage sites etc.) whose occupation is study, protection and presentation of cultural heritage,

- (Inter)national networking in the field of cultural heritage studies, bringing together individuals as well as institutions that are interested in cultural heritage management, interpretation and education.

EXPECTATIONS

We are open to a wide spectrum of collaboration in the field of applied research with partners from central institutions managing cultural heritage in Czech Republic or with schools of all levels. We want to cooperate also with non-profit organizations, private persons or local administration. We firmly believe that we will manage to develop international relations.
