Student Cards

Every student of Charles University must obtain a **Charles University identification card**, which is in the form of a plastic chip card.

You can order your card online via the **Student and Staff Card Portal** or arrange it in person at Card Service Centre.

Why do you need a student ID card?

- To access the CU buildings, including dormitories and other facilities
- To eat in cafeterias for discounted prices
- To use CU library services

Mobile version of CU ID card is not enough!

With the student ID you can also purchase an ISIC or ALIVE license.
